RECEIVED

We are looking for participants with Type 2 Diabetes

Receive \$100 by Completing The Study on Just One Visit. You May Get Relief from The Product We're Testing

Brain Mapping Is Used to Assess Effectiveness

During this research study, participants will receive brain mapping before and after a treatment with an FDA cleared, non-invasive device.

Participants Must:

- Have type 2 Diabetes
- Be between the ages of 18 and 75
- Agree to come to our Encinitas Lab for 1 visit
